

RLT-P6-ZOOM-XPG

TECHNICAL DATA

White Rapid Zoom LED Flashlight

The RLT-P6-ZOOM-XPG is a LED flashlight of newest generation. As lighting source the renowned **CREE XPG** chip is utilized. By using an optical lens, specially designed to match the optical characteristics of this chip, an optical power in excess of **500 lm** is achieved. The **Rapid-Zoom** mechanism incorporated allows to change the illumination from **collimated spot** to **wide angle** with the move of the thumb. The housing is made of black anodized aircraft grade aluminium, and offers protection to splash water.
